UPCOMING EVENTS

We have a lot of fun things in April and in the coming months!

WOYC: APRIL 5TH - 11TH

Week of the Young Child (WOYC) is an annual celebration being observed this year the week of April 5th through the 11th. It is sponsored by the National Association for the Education of Young Children (NAEYC, established in 1971) to promote the importance of early childhood education. The early childhood years, from birth till age eight, lay the foundation for a child's later success in their academic and social life. Therefore, the thoughtful investment in a child's education during these years can go a really long way.

We'll be celebrating with a themed week of activities that your child[ren] can participate in!
